## WKF & EKF PRESIDENT WELCOME

The Mediterranean Karate Championships have a long history within the World Karate Federation, gathering every year a rather strong group of National Karate Federations, with an outstanding karate tradition that always results in very high level events. This time the event is taking place in Tangier, thanks to the Morocco Karate Federation and its President Mohamed Mouktabil, that have emerged as the regional leadership within the WKF after many years of good and efficient work for the sport of Karate.

I also want to thank the MKFU President Bechir Cherif, that at the helm of the Mediterranean domain constitutes a guarantee for the World Karate Federation. Thanks to President Bechir Cherif, the Mediterranean Championships is today an event included in the annual WKF official sports calendar, raising the quality and the number of participating National Federations to levels difficult to imagine only a few years ago.

To all the participants, I wish you all the best in Tangier; enjoy the city and its beauties and also the impressive progress and development that has taken place in the last years.

**Antonio ESPINOS**

WKF President

## TANGIER, MOROCCO: A CITY ON THE RISE

Enjoying a rich history and a unique geographical location, Tangier sits majestically between a sea and an ocean at the crossroads of several civilizations. With the opening of Tanger Med, the city is in the process of becoming one of the world's largest maritime hubs.

Over a long period of time Tangier has acted as a tourist and cultural capital of the Kingdom due to its mild and temperate climate, its superb landscapes and exclusive stamp allowing this lovely city to exude an intense feeling of well-being and serenity.

Tangier or Tanjah in Arabic, is actually a little stretch of paradise that has served as an inspiration to several artists from a wide range of disciplines. It is a genuine venue where a myriad of world influences converge.

Apart from its multicultural and tourist aspects, the region of Tangier, via its various infrastructures, the quality of its resources and the diversity of its industrial fabric is currently Morocco's second ranking center of economic activity.
